

Auditorium AV Equipment Checklist

 Show only Checklist

Display Style
Default 

Projector & Screen

Checks related to the projector, screen, and their functionality.

Projector Lamp Hours

Projector Model Number

Projector Status

- Working
- Dim
- Not Working

Screen Type

- Manual
- Electric
- Fixed

Screen Size (Width)

Enter a number...

Screen Surface Condition

- Excellent
- Good
- Fair
- Poor

Notes on Projector & Screen

Write something...

Audio System

Includes checks for microphones, speakers, amplifiers, mixing console, and overall sound quality.

Microphone Count

Microphone Type (Primary)

- Wireless Handheld
- Wired Handheld
- Lavalier
- Podium Mic
- Other

Speaker System Type

- Main PA
- Surround Sound
- Front Fill
- Other

Speaker System Gain (dB)

Audio System Notes (Noise, Distortion, etc.)

Write something...

Mixing Console Functionality

- Fully Functional
- Minor Issues
- Significant Issues
- Non-Functional

Last Amplifier Servicing

Enter time...

Describe any unusual sounds or issues during testing.

Write something...

Video Sources & Playback

Covers connections and functionality of video sources like computers, Blu-ray players, and cameras.

Source Device 1 Status (e.g., Laptop, Blu-ray)

- Operational
- Needs Repair
- Not Present

Source Device 1 Connection Type

- HDMI
- VGA
- DisplayPort
- Other

Source Device 1 Input Lag (ms - if testable)

Enter a number...

Notes on Source Device 1 Functionality/Issues

Write something...

Source Device 2 Status (e.g., Computer, Camera)

- Operational
- Needs Repair
- Not Present

Screenshot of Display Issue (if applicable)

 Upload File

Source Device Firmware Version (if available)

Write something...

Control System & Remote

Focuses on the system controlling AV components, including remote functionality.

Control System Model

Write something...

Software Version

Enter a number...

Remote Functionality

- Fully Functional
- Partially Functional
- Not Functional

Notes on Remote Operation

Write something...

System Presets

- All Presets Working
- Some Presets Working
- No Presets Working

Last System Update Date

Error Messages Displayed (if any)

Connectivity & Cables

Inspection of all connections and cables used by the AV equipment.

Number of XLR Cables Present

Number of HDMI Cables Present

Number of VGA Cables Present

Enter a number...

HDMI Cable Condition (Main Projector)

- Excellent
- Good
- Fair
- Poor - Requires Replacement

Audio Cable Condition (Mixer to Speakers)

- Excellent
- Good
- Fair
- Poor - Requires Replacement

Notes on Cable Condition (e.g., damaged shielding, frayed ends)

Write something...

Power Cables - Any Damage?

- Yes
- No
- N/A - No Power Cables Accessible

Photographs of any damaged cables

 Upload File

Lighting Integration

Checks related to how the AV system interacts with the auditorium's lighting.

Dimmer Level Synchronization

Enter a number...

Lighting Preset Functionality

- Functioning Correctly
- Requires Adjustment
- Not Functional

Lighting Effects Integrated?

- Wash Lights
- Spotlights
- Backlights
- Strobe Lights
- None

Lighting Control Interface

- Integrated with AV Control System
- Separate Control Panel

Notes on Lighting Integration Issues

Write something...

Power & Backup

Verification of power supply and backup systems for AV equipment.

Voltage at Main Power Input (V)

Enter a number...

Power Consumption (Watts)

Enter a number...

UPS Status (if applicable)

- Operational
- Needs Maintenance
- Faulty

UPS Battery Capacity (%)

Enter a number...

Last UPS Maintenance Date

Enter date...

Notes on Power Stability/Fluctuations

Write something...

Generator Status (if applicable)

- Operational
- Needs Maintenance
- Faulty
- Not Applicable

Generator Run Time (Hours - last test)

Enter a number...

General Condition & Maintenance

Overall assessment of the equipment's condition and notes on required maintenance.

Total Operating Hours (Projector)

Enter a number...

Total Operating Hours (Audio System)

Enter a number...

Last Lamp Replacement (Projector)

Enter date...

Last Filter Replacement (Projector)

Enter date...

Notes on Unusual Sounds or Issues

Write something...

Overall Equipment Condition

- Excellent
- Good
- Fair
- Poor

Recommended Maintenance Actions

Write something...

Date of Last Preventative Maintenance

Enter date...

Photos of any issues observed
