

Cannabis Inventory Seed-to-Sale Checklist

Cultivation & Propagation

Records pertaining to seed/clone acquisition, planting, growth conditions, and plant health.

Seed/Clone Acquisition Date

Enter date...

Quantity of Seeds/Clones Acquired

Enter a number...

Supplier Information (Name, Contact)

Write something...

Strain/Variety

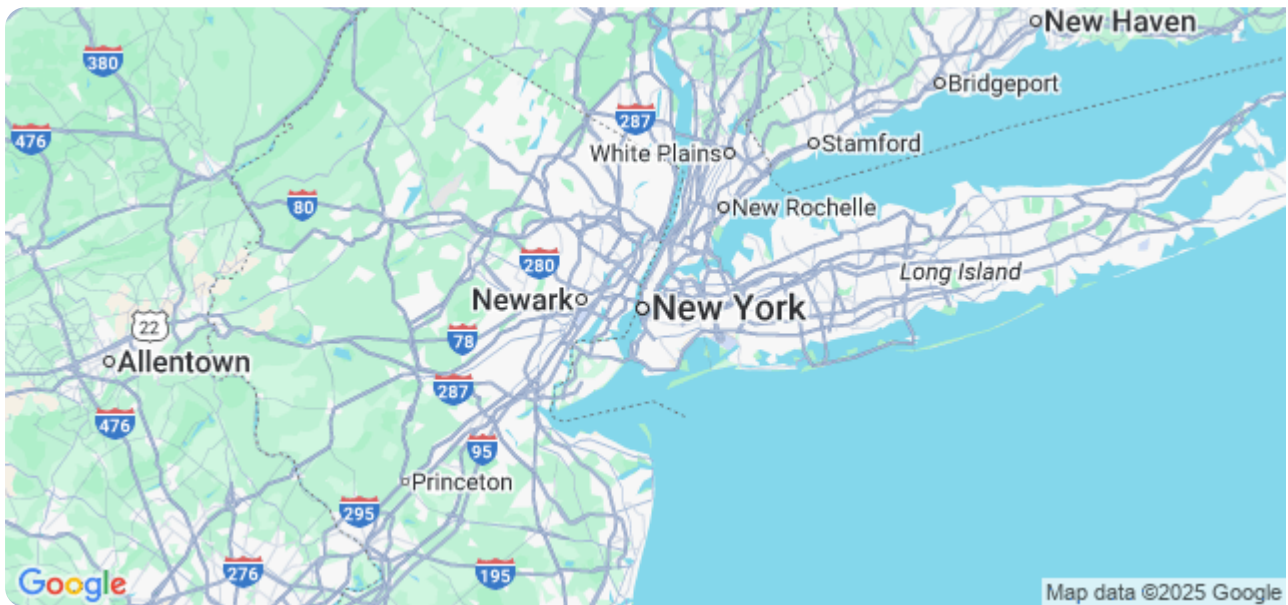

- Strain A
- Strain B
- Strain C

Germination Rate (%)

Planting/Transplanting Date

Location within Grow Area

[📍 Set My Current Location](#)

Harvesting & Drying

Details on harvesting dates, drying methods, moisture content, and initial weight/yield.

Harvest Date

Wet Weight (grams)

Enter a number...

Number of Plants Harvested

Enter a number...

Harvest Notes (e.g., plant health, environmental conditions)

Write something...

Start Drying Date

Enter date...

Target Moisture Content (%)

Enter a number...

Drying Method (e.g., rack drying, hanging)

Write something...

Drying Start Time

Processing & Extraction

Documentation of processing techniques, extraction methods, and resulting product types.

Extraction Method Used

- CO2 Extraction
- Solvent Extraction (Ethanol)
- Hydrocarbon Extraction
- Other (Specify in Long Text)

Specifics of 'Other' Extraction Method (if applicable)

Write something...

Input Material Weight (grams)

Enter a number...

Output Yield (grams)

Enter a number...

Extraction Efficiency (%)

Enter a number...

Extraction Date

Enter date...

Extraction Start Time

Extraction Process Documentation (e.g., SOP adherence)

 Upload File

Packaging & Labeling

Verification of accurate product packaging, labeling compliance, and batch tracking information.

Batch Number

Enter a number...

Product Type Verified

- Flower
- Concentrate
- Edible
- Other

Label Compliance (THC/CBD)

- Compliant
- Minor Discrepancy
- Significant Discrepancy

Label Image (for verification)

 Upload File

Package Weight (g/oz)

Write something...

Quantity Packaged

Enter a number...

Packaging Material Verified

Child-Resistant

Standard

Inventory Storage & Security

Confirmation of secure storage conditions, environmental controls, and access logs.

Storage Unit Location (GPS Coordinates)

[📍 Set My Current Location](#)

Temperature (°C)

Enter a number...

Humidity (%)

Enter a number...

Last Security Check Time

Security System Status

- Active
- Inactive
- Alarm Triggered

Date of Last Perimeter Check

Enter date...

Security Personnel Signature

Sales & Distribution

Tracking of sales transactions, point-of-sale data, and distribution records to licensed retailers.

Quantity Sold

Enter a number...

Sale Date

Enter date...

Sale Time

Unit Price

Enter a number...

Total Sale Amount

Enter a number...

Distribution Channel

- Retail Store
- Wholesale
- Delivery Service

Payment Method

- Cash
- Credit Card
- Debit Card
- Online Payment

Recipient License Number

Write something...

Waste & Destruction

Detailed records of any cannabis waste, destruction processes, and disposal methods.

Waste/Destruction Date

Enter date...

Waste/Destruction Time

Quantity Destroyed (Units)

Enter a number...

Reason for Destruction

- Spoilage
- Contamination
- Product Failure
- Regulatory Hold
- Damage/Loss
- Other

Detailed Description of Waste/Destruction

Write something...

Supporting Documentation (Photos, Reports)

 Upload File

Destruction Method

- Composting
- Incineration
- Rendering
- Secure Disposal (Contractor)

Contractor Name (if applicable)

Write something...

Compliance & Reporting

Verification of adherence to all relevant regulations and accurate reporting to governing authorities.

Report Generation Date

Enter date...

Total Units Reported

Enter a number...

Summary of Compliance Observations

Write something...

Regulatory Framework Adhered To

- State Regulations
- Federal Regulations
- Local Ordinances

Areas of Non-Compliance (if any)

- Tracking & Traceability
- Record Keeping
- Security Protocols
- Testing & Quality Control
- Waste Disposal

Supporting Documentation (e.g., testing results, permits)

 Upload File

Reporting Officer Name

Write something...

Reporting Officer Signature

Inventory Reconciliation

Comparison of recorded inventory levels with physical counts and identification of any discrepancies.

Beginning Inventory Count

Ending Inventory Count

Units Received

Units Sold/Distributed

Waste/Destruction Amount

Adjustments (explain in Long Text)

Enter a number...

Explanation of Adjustments (if any)

Write something...

Reconciliation Status

- Balanced
- Minor Discrepancy
- Significant Discrepancy

Reconciliation Date

Enter date...
