

Cannabis Waste Management Checklist Template

Waste Characterization & Segregation

Identify and separate cannabis waste streams for proper disposal or processing.

Primary Waste Stream(s) Generated

- Plant Material
- Solvents
- Packaging
- Contaminated PPE
- Other (Specify in Long Text)

If 'Other' selected above, please specify:

Write something...

Estimated Volume of Plant Material Waste (lbs/week)

Enter a number...

Estimated Volume of Solvent Waste (gallons/week)

Enter a number...

Segregation Methods Implemented

- Color-Coded Bins
- Designated Storage Areas
- Waste Stream Labels
- Employee Training
- Other (Specify in Long Text)

If 'Other' selected above, please specify:

Write something...

Plant Material Waste (Cultivation)

Management of spent plants, stalks, leaves, and root systems from cultivation.

Estimated Weight of Spent Plants (lbs)

Enter a number...

Date of Waste Generation

Enter date...

Time of Waste Generation

Disposal Method (Select One)

- Composting
- Incineration
- Landfill
- Rendering
- Other (Specify in Long Text)

If 'Other' Disposal Method Selected, please specify:

Write something...

Attach Manifest or Disposal Record (Optional)

 Upload File

Number of Full Compost Bins Used (if applicable)

Enter a number...

Notes/Observations regarding waste condition or disposal process:

Write something...

Processing Waste (Extraction/Manufacturing)

Handling of solvents, residual materials, and byproducts from extraction and manufacturing processes.

Solvent Usage (Total Liters)

Enter a number...

Solvent Type(s) Used

- Ethanol
- CO2
- Butane
- Propane
- Other (Specify in Long Text)

If 'Other' Solvent, Please Specify:

Write something...

Residue/Byproduct Waste (Total Weight in kg)

Enter a number...

Supporting Documentation (e.g., Solvent Analysis Reports)

 Upload File

Date of Waste Generation

Enter date...

Waste Disposal Method

- Recycling
- Incineration
- Secure Landfill
- Other (Specify in Long Text)

If 'Other' Disposal Method, Please Specify:

Write something...

Packaging Waste

Disposal or recycling of containers, labels, and other packaging materials.

Estimated Weight of Cardboard Waste (lbs)

Enter a number...

Estimated Volume of Plastic Film Waste (gallons)

Enter a number...

Primary Packaging Material Type

- Glass
- Plastic
- Cardboard
- Metal
- Other

Packaging Recycling Methods Utilized

- Curbside Recycling
- Dedicated Recycling Vendor
- Internal Recycling Program
- None

Date of Last Packaging Waste Audit

Attach Packaging Waste Manifest/Documentation

[Upload File](#)

Contaminated Materials

Management of gloves, masks, filters, and other materials that have come into contact with cannabis or cannabis products.

Quantity of Gloves Disposed (Pairs)

Number of Masks Disposed

Number of Filter Cartridges Disposed

Types of Contaminated Materials

- Gloves
- Masks
- Filter Cartridges
- Cleaning Rags
- Tyvek Suits
- Other (Specify)

Specifics of 'Other' Materials (if selected)

Write something...

Date of Disposal

Enter date...

Time of Disposal

Signature of Person Disposing Materials

Liquid Waste Management

Handling and disposal of wastewater, runoff, and other liquid waste streams.

Estimated Daily Wastewater Volume (Gallons)

Enter a number...

Wastewater Treatment Method

- On-site Treatment
- Municipal Sewer
- Discharge Permit Required

Last Wastewater Discharge Permit Expiration Date

Enter date...

Scheduled Wastewater Sampling Time

Description of Pre-Treatment Processes (if applicable)

Write something...

Presence of Solvents in Wastewater?

- Yes
- No

Wastewater Analysis Report (if applicable)

 Upload File

Regulatory Compliance

Ensuring adherence to state and local regulations regarding cannabis waste disposal.

State Cannabis Waste Disposal Regulations?

- Compliant
- Non-Compliant
- Reviewing

Last Regulatory Review Date

Enter date...

Summary of Relevant State Regulations

Write something...

Permit Number (if applicable)

Enter a number...

Copy of Disposal Manifest/Documentation

 Upload File

Local Waste Disposal Agreement in Place?

- Yes
- No

Record Keeping & Documentation

Maintaining accurate records of waste generation, disposal methods, and regulatory compliance.

Date of Waste Generation

Enter date...

Estimated Weight of Waste (lbs/kg)

Enter a number...

Waste Disposal Method

- Landfill
- Composting
- Rendering
- Waste-to-Energy
- Other (Specify)

Details of 'Other' Disposal Method (if selected)

Write something...

Supporting Documentation (e.g., disposal manifest)

 Upload File

Batch/Lot Number (if applicable)

Enter a number...

Name of Waste Carrier

Write something...

Employee Training

Providing employees with training on proper waste handling procedures and regulatory requirements.

Training Module Content Review

Write something...

Waste Stream Identification Quiz Score

- 0-50%
- 51-75%
- 76-100%

Topics Covered in Training (Check All That Apply)

- Waste Segregation
- Solvent Handling
- Record Keeping
- Regulatory Compliance
- Personal Protective Equipment (PPE)

Date of Training Completion

Enter date...

Employee Signature

Security & Tracking

Implementing security measures to prevent unauthorized access and diversion of cannabis waste.

Waste Manifest Number

Date of Waste Transfer

Time of Waste Transfer

Transfer Method (Secure Transport, Rendering Service, etc.)

- Secure Transport
- Rendering Service
- Other (Specify)

Notes on Security Measures Taken During Transfer

Signature of Transferring Employee

GPS Location of Waste Transfer Point

[📍 Set My Current Location](#)
