

Construction Site Security & Access Control Checklist 2026

Perimeter Security & Fencing

Verification of physical barriers, hoarding integrity, and gate closure protocols to prevent unauthorized entry.

Fencing Integrity Status

- ☐ Intact and Secure
- ☐ Damaged - Needs Repair
- ☐ Gaps Detected
- ☐ Missing Sections

Fence Damage Description

Write something...

Security Breach Points Identified

- ☐ Gate Malfunction
- ☐ Broken Chain Link
- ☐ Unsecured Perimeter Panels
- ☐ Uncovered Trench/Opening

Last Perimeter Inspection Date

Photo Evidence of Fence Condition

 Upload File

Inspector Verification

Access Control & Entry Management

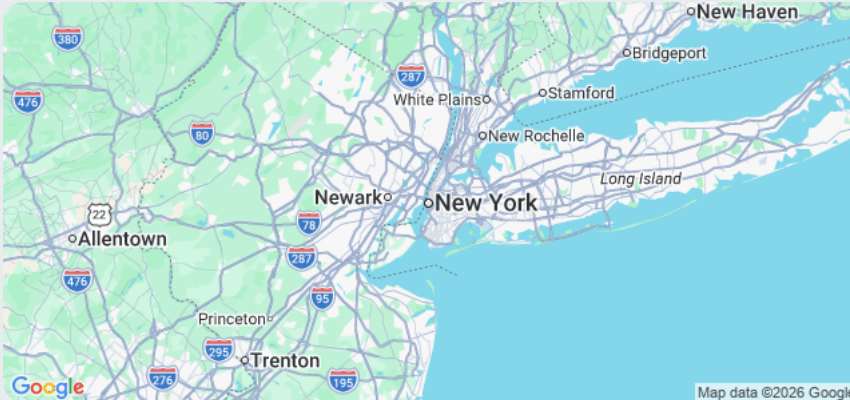

Procedures for visitor logging, personnel identification, vehicle entry permits, and credential verification.

Inspection Date

Inspection Time

Site Entrance/Gate Number

 [Set My Current Location](#)

Gate Security Status

- ☐ Fully Operational
- ☐ Requires Maintenance
- ☐ Non-Functional

Access Check Completed For

- ☐ Personnel/Workers
- ☐ Subcontractors
- ☐ Delivery Drivers
- ☐ Visitors

Visitor Log ID Reference

Write something...

Safety Officer Verification

Personnel & Subcontractor Authorization

Review of site induction completion, ID badge issuance, and updated authorized personnel lists.

Date of Authorization Review

Enter date...

Authorized Personnel Present on Site

- ☐ Project Manager
- ☐ Site Supervisor
- ☐ Subcontractor Lead
- ☐ Safety Officer
- ☐ Delivery Driver

Subcontractor Insurance & Compliance Documents

 **Upload File**

Site Induction Status

- ☐ All personnel inducted
- ☐ Partial induction - Pending follow-up
- ☐ Non-compliant personnel on site

List of Unauthorized Personnel Identified

Write something...

Security Officer Verification

Asset & Equipment Protection

Security measures for high-value machinery, tool storage lockers, and containerized material security.

High-Value Assets Secured

- ☐ Heavy Machinery
- ☐ Power Tools
- ☐ Raw Materials (Steel, Copper, etc.)
- ☐ Fuel Storage Tanks
- ☐ Portable Generators

Inventory ID/Serial Number Verification

Write something...

Storage Method Status

- ☐ Locked Container
- ☐ Secured Workshop
- ☐ Fenced Enclosure
- ☐ Unsecured/Exposed

Security Supervisor Verification

Incident Reporting & Emergency Response

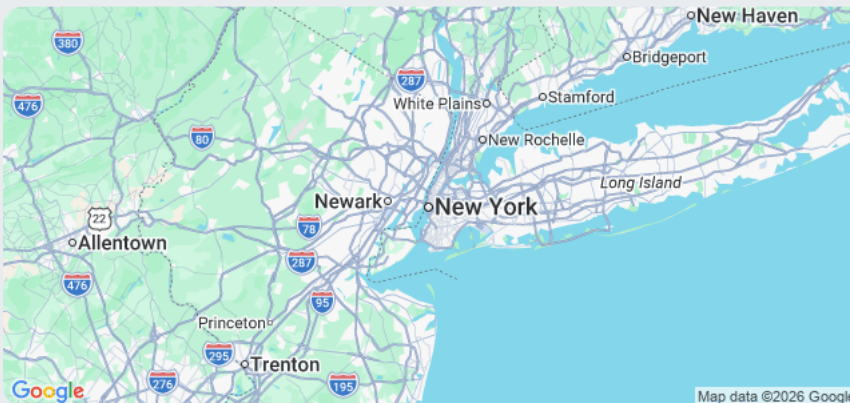

Protocols for reporting breaches, emergency contact availability, and communication of security alerts.

Date of Incident

Time of Incident

Specific Site Area/Zone

 [Set My Current Location](#)

Incident Type

- ☐ Security Breach/Unauthorized Entry
- ☐ Theft or Vandalism
- ☐ Equipment Damage
- ☐ Injury or Medical Emergency
- ☐ Fire or Hazardous Leak
- ☐ Other

Detailed Incident Description

Write something...

Immediate Actions Taken

- ☐ Emergency Services Notified
- ☐ Site Supervisor Informed
- ☐ Area Cordoned Off
- ☐ Security Patrol Dispatched
- ☐ Photos/Evidence Captured

Incident Photos or Video Evidence

 Upload File

Reporting Officer Signature

Signage & Warning Notices

Verification of 'No Trespassing', 'PPE Required', and 'Authorized Personnel Only' signage visibility.

Types of Signage Verified

- ☐ No Trespassing Signs
- ☐ PPE Requirements (Hard Hat, Vest, etc.)
- ☐ Authorized Personnel Only
- ☐ Emergency Assembly Point
- ☐ Hazard/Danger Warnings
- ☐ Site Contact Information

Signage Condition

- ☐ Excellent (New/Clear)
- ☐ Fair (Readable but weathered)
- ☐ Poor (Damaged/Obscured)

Missing or Damaged Signage Details
