

Crop Stand Count & Population Density Checklist

Crop Stand Identification & Location

This section focuses on locating and identifying all crop stands within the designated area. Includes verification of ownership and type of goods sold.

Crop Stand GPS Coordinates

 [Set My Current Location](#)

Crop Stand Name (if applicable)

Write something...

Crop Stand Ownership Type

- ☐ Private
- ☐ Cooperative
- ☐ Government
- ☐ Other

Description of Crop Stand Appearance & Features

Write something...

Types of Products Typically Sold

- ☐ Fruits
- ☐ Vegetables
- ☐ Flowers
- ☐ Eggs
- ☐ Honey
- ☐ Other

Owner/Contact Person (if available)

Write something...

Approximate Stand Size (sq ft)

Enter a number...

Crop Stand Count

Detailed counting and recording of all identified crop stands. Includes differentiation between permanent and temporary stands.

Total Number of Crop Stands Identified

Number of Permanent Crop Stands

Number of Temporary/Seasonal Crop Stands

Primary Crop(s) Sold (select all that apply)

- ☐ Fruits
- ☐ Vegetables
- ☐ Flowers
- ☐ Grains
- ☐ Other

If 'Other' selected for primary crops, please specify:

Stand Type (e.g., Roadside, Market Square, Farm Gate)

- ☐ Roadside
- ☐ Market Square
- ☐ Farm Gate
- ☐ Other

If 'Other' selected for stand type, please specify:

Write something...

Date of Crop Stand Count

Enter date...

Population Density Assessment

Evaluation of population density within and around areas with crop stands. Considers both residential and transient populations.

Estimated Resident Population (within 1km radius)

Enter a number...

Estimated Transient Population (daily/weekly visitors)

Enter a number...

Primary Population Type

- ☐ Residential
- ☐ Tourist/Seasonal
- ☐ Commuter
- ☐ Mixed

Notes on population characteristics (age demographics, income levels, etc.)

Write something...

Nearby Amenities Influencing Population

- ☐ Public Transportation
- ☐ Schools
- ☐ Healthcare Facilities
- ☐ Shopping Centers
- ☐ Recreational Areas

Centroid of Population Assessment Area

 [Set My Current Location](#)

Vehicle Traffic Count (average daily)

Enter a number...

Spatial Data Recording

Recording precise geographic coordinates (latitude/longitude) for each crop stand location. Utilize GPS or other mapping tools.

Crop Stand GPS Coordinates (Latitude)

 Set My Current Location

Crop Stand GPS Coordinates (Longitude)

 Set My Current Location

Elevation (meters)

Enter a number...

Accuracy of GPS Reading (meters)

Enter a number...

Data Collector Initials

Write something...

Date of GPS Recording

Enter date...

Time of GPS Recording

Notes on GPS Conditions (e.g., Signal Strength)

Write something...

Data Validation & Cross-Referencing

Verify collected data against existing records, aerial imagery, and local knowledge to ensure accuracy and completeness.

Verify Stand Ownership Records

- ☐ Records Match
- ☐ Discrepancy Found - Further Investigation Required
- ☐ Records Unavailable

Comparison of Reported Stand Count vs. Aerial Imagery Count

Enter a number...

Data Source Cross-Reference

- ☐ GIS Data
- ☐ County Records
- ☐ Local Knowledge Interviews
- ☐ Aerial Imagery
- ☐ Previous Surveys

Notes on Discrepancies

Write something...

Location of Confirmed Discrepancy (If Applicable)
