Dairy Farm Daily Operations Checklist

Milking Parlor & Cow Health

Tasks related to milking procedures, cow health checks, and parlor hygiene.

Start of Milking (Time)

Total Cows Milked

Enter a number...

Cows with Mastitis (Count)

Enter a number...

Milk Appearance (Visual)

☐ Normal

☐ Abnormal (Watery)

☐ Abnormal (Clotted)

☐ Abnormal (Discolored)

Udder Condition

☐ Normal

☐ Swollen

☐ Hot

☐ Redness Observed

Observations/Notes on Cow Health

Write something...

Photo of Udder (if needed)

⬆ Upload File

End of Milking (Time)

Feeding & Nutrition

Ensuring adequate feed supply and monitoring cow nutrition.

Total Feed Delivered (lbs)

Enter a number...

Hay Ration (lbs/cow)

Enter a number...

Grain Ration (lbs/cow)

Enter a number...

Mineral Supplement (lbs)

Enter a number...

Feed Source

☐ Supplier A

☐ Supplier B

☐ Farm Grown

Feed Observations (e.g., mold, dust)

Write something...

Feed Delivery Date

Enter date...

Water & Ventilation

Checking water availability and ensuring proper ventilation in barns.

Water Tank Level (Gallons)

Enter a number...

Water Pressure (PSI)

Enter a number...

Water Quality Check (Visual)

☐ Clear

☐ Cloudy

☐ Discolored

Barn Temperature (°F)

Enter a number...

Barn Humidity (%)

Enter a number...

Ventilation System Status

☐ Operating Normally

☐ Minor Issue

☐ Malfunctioning

Time of Ventilation Check

Manure Management

Tasks for manure removal, storage, and disposal.

Manure Removal Start Time

Volume of Manure Removed (Gallons/Cubic Yards)

Enter a number...

Notes on Manure Consistency and Odor

Write something...

Manure Storage Method

- ☐ Liquid Storage
- ☐ Solid Storage
- ☐ Composting

Date of Last Composting Turning (if applicable)

Enter date...

Temperature of Compost Pile (if applicable) (°F)

Enter a number...

Any issues or corrective actions taken related to manure management.

Write something...

Barn & Facility Maintenance

Routine checks and minor repairs to barn structures and equipment.

Temperature (Barn 1)

Enter a number...

Temperature (Barn 2)

Enter a number...

Water Tank Level

- [ ] Full
- [ ] Moderate
- [ ] Low

Lighting Functionality

- [ ] Working
- [ ] Needs Repair

Notes on Repairs Needed

Write something...

Last Ventilation Filter Change

Enter date...

Feed Bunk Depth (inches)

Enter a number...

Record Keeping & Reporting

Updating records related to milk production, cow health, and farm operations.

Total Milk Production (Gallons)

Enter a number...

Average Milk Yield per Cow (lbs)

Enter a number...

Date of Recording

Enter date...

Time of Recording

Notes on Cow Health Issues

Write something...

Milk Quality Check Result

☐ Pass

☐ Warning

☐ Fail

Supporting Documents (e.g., Milk Test Results)

⬆ Upload File
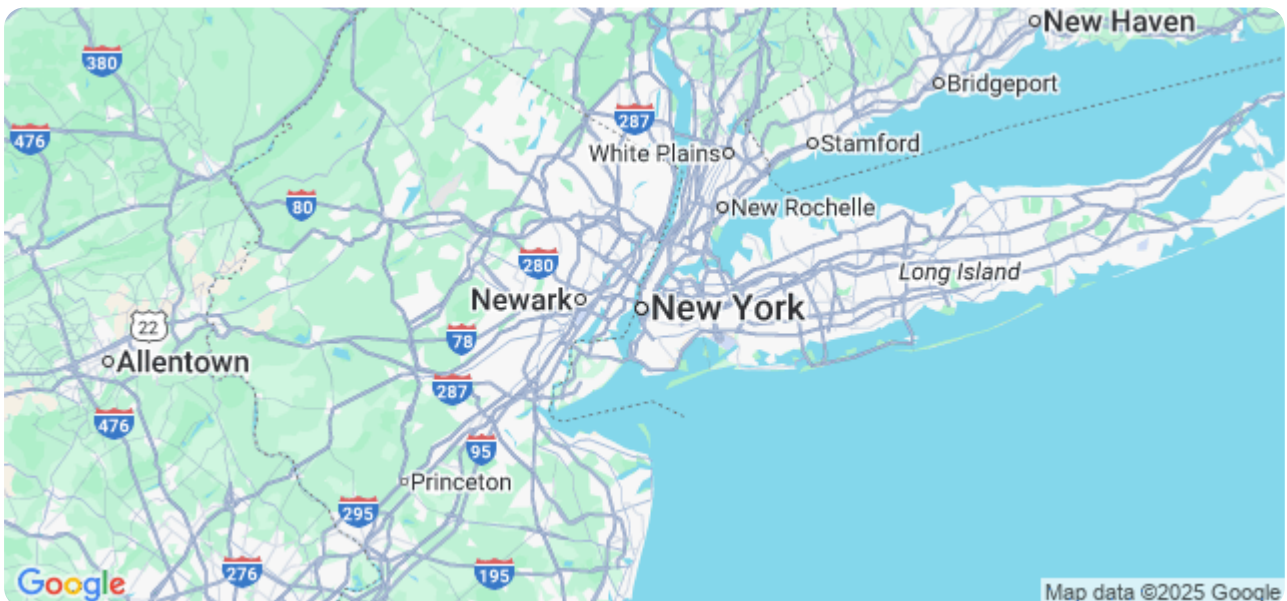

SCC (Somatic Cell Count)

Enter a number...

Security & Safety

Checking fencing, gates, and overall farm security.

Perimeter Fence Inspection - Location 1

📍 Set My Current Location

Perimeter Fence Inspection - Location 2

📍 Set My Current Location

Gate Lock Verification - Number of Locks Checked

Enter a number...

Gate Condition

☐ Good

☐ Fair

☐ Needs Repair

Lighting Functionality (Barns/Parlor)

☐ All Lights Working

☐ Some Lights Out

☐ All Lights Out

Date of Last Security System Check

Enter date...

Notes on Observed Security Issues

Write something...
