

Farm Infrastructure And Perimeter Security Inspection Report 2026 Checklist

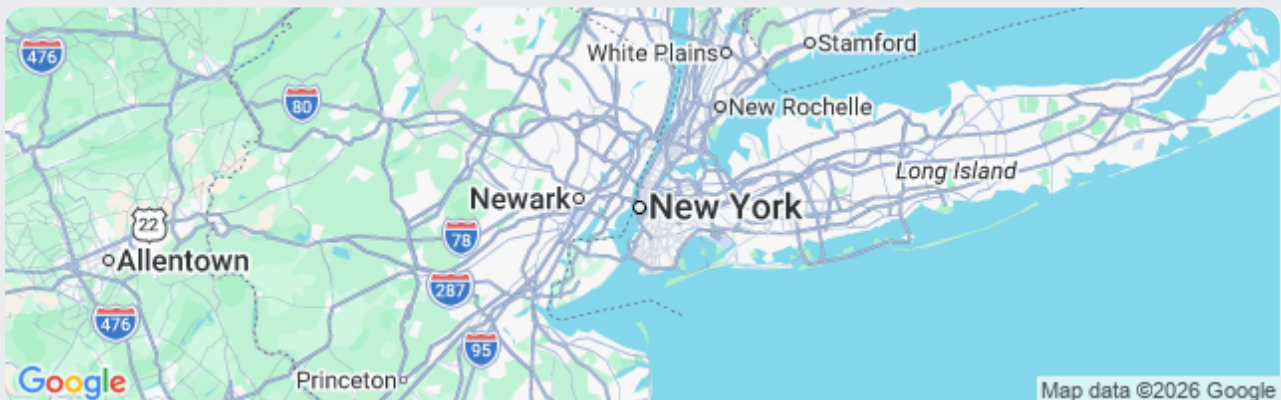

Perimeter Fencing and Boundary Integrity

Inspection of all external fence lines, gates, posts, and wire tension to identify breaches or potential entry points for livestock or intruders.

Inspection Date

Fence Line/Section ID

 [Set My Current Location](#)

Fence Condition Status

- ☐ Intact
- ☐ Damaged/Repair Needed
- ☐ Critical/Breached

Identified Issues

- ☐ Broken Wire/Mesh
- ☐ Loose/Leaning Post
- ☐ Corrosion/Rust
- ☐ Gap in Perimeter
- ☐ Vegetation Overgrowth

Detailed Damage Description

Write something...

Photo Evidence of Inspection

 Upload File

Inspector Signature

Gate and Access Point Functionality

Verification of all entry/exit gates, latches, locks, and automated access systems to ensure they are operational and secure.

Inspection Date

Enter date...

Gate ID/Location

- ☐ North Perimeter Gate
- ☐ East Service Entrance
- ☐ South Loading Dock
- ☐ West Livestock Gate
- ☐ Main Farm Entrance

Latch and Lock Condition

- ☐ Functional/Secure
- ☐ Needs Repair
- ☐ Broken/Non-functional

Hinge and Swing Smoothness

- ☐ Smooth Operation
- ☐ Sticking/Hard to Move
- ☐ Improper Alignment

Maintenance Observations & Required Repairs

Write something...

Photo Evidence of Gate Condition

 Upload File

Inspector Signature

Surveillance and Lighting Systems

Assessment of CCTV camera coverage, motion sensors, security lighting, and emergency backup power for perimeter monitoring.

Inspection Date

Enter date...

CCTV System Status

- ☐ Fully Operational
- ☐ Partial Malfunction
- ☐ System Offline

Surveillance Components Inspected

- ☐ Motion Sensors
- ☐ CCTV Cameras
- ☐ Floodlights
- ☐ Infrared/Night Vision Sensors
- ☐ Perimeter Alarms

Deficiencies Identified

Write something...

Photo Evidence of Hardware/Damage

 Upload File

Inspector Verification

Building and Structure Structural Integrity

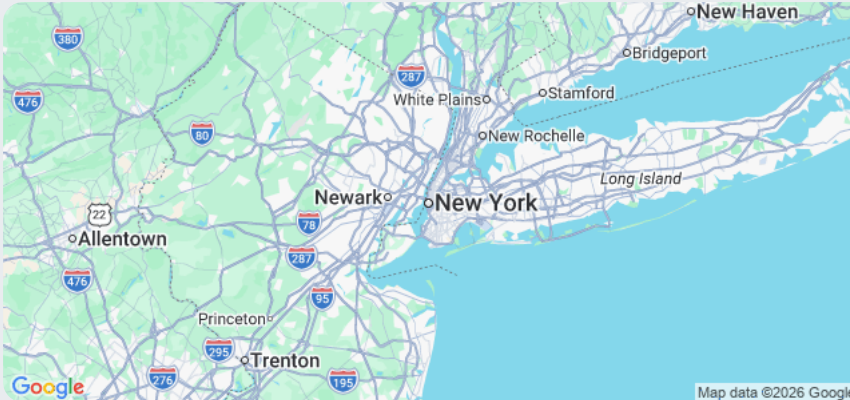

Review of farm buildings, sheds, and outbuildings for signs of structural damage, roof leaks, or compromised door/window seals.

Inspection Date

Enter date...

Building/Structure Identifier

 [Set My Current Location](#)

Structural Condition Rating

- ☐ Excellent
- ☐ Good
- ☐ Fair (Requires Monitoring)
- ☐ Poor (Immediate Repair Needed)

Identified Damage Areas

- ☐ Roof/Shingles
- ☐ Foundation/Concrete
- ☐ Walls/Siding
- ☐ Doors/Windows
- ☐ Ceiling/Internal Structure

Detailed Damage Description

Write something...

Photo Evidence of Structural Issues

 Upload File

Inspector Signature

Storage Facility and Warehouse Security

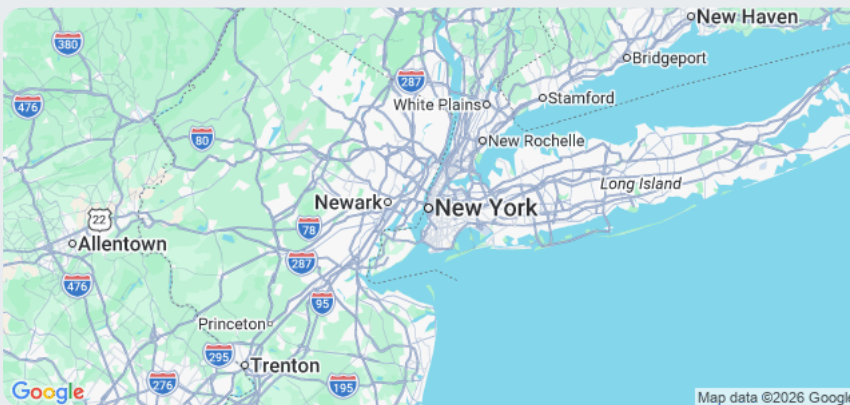

Audit of high-value asset storage areas, including chemical sheds, seed vaults, and machinery depots, for unauthorized access risks.

Inspection Date

Enter date...

Storage Facility Name/ID

 Set My Current Location

Lock and Latch Condition

- ☐ Secure
- ☐ Damaged
- ☐ Needs Replacement

Inventory Security Checks Performed

- ☐ Seal Integrity Check
- ☐ Unauthorized Entry Inspection
- ☐ Inventory Count Verification
- ☐ Temperature/Humidity Log Review

Observations and Security Vulnerabilities

Write something...

Photo Evidence of Security Breaches

 Upload File

Inspector Signature

Vegetation and Land Clearing Management

Monitoring of overgrown trees, tall grass, or shrubs near structures and fences that could provide cover or damage physical barriers.

Vegetation Density Level

- ☐ Low (Clear view)
- ☐ Moderate (Some obstruction)
- ☐ High (Dense overgrowth)
- ☐ Critical (Immediate hazard)

Identified Vegetation Hazards

- ☐ Overhanging Tree Branches
- ☐ Tall Grass/Weed Encroachment
- ☐ Obstructed Fence Lines
- ☐ Debris Accumulation
- ☐ Tree Root Damage to Structures

Detailed Observations and Location of Overgrowth

Write something...

Last Clearing/Mowing Date

Enter date...

Photo Evidence of Overgrowth/Issues

 Upload File

Action Required

- ☐ None - Monitoring Only
- ☐ Routine Maintenance Required
- ☐ Urgent Clearing Needed
- ☐ Scheduled for Seasonal Removal

Signage and Warning Notice Compliance

Inspection of 'No Trespassing', 'Danger', and 'Private Property' signs to ensure visibility and legal compliance for boundary deterrence.

Inspection Date

Signage Types Inspected

- ☐ No Trespassing
- ☐ Private Property
- ☐ Warning: High Voltage
- ☐ Hazardous Materials
- ☐ Livestock Crossing
- ☐ CCTV in Operation

Condition of Existing Signs

- ☐ Excellent (Clear and Visible)
- ☐ Fair (Faded or Slightly Damaged)
- ☐ Poor (Unreadable or Missing)

Required Replacements or Repairs

Write something...

Photo Evidence of Signage Condition

 Upload File

Inspector Signature

Emergency Communication and Alarms

Testing of perimeter alarm systems, panic buttons, and farm-wide communication networks for immediate alert capability.

Inspection Date

Enter date...

Alarm System Status

- ☐ Fully Operational
- ☐ Partial Functionality (Maintenance Required)
- ☐ Non-Functional / Failure

Communication Channels Tested

- ☐ Two-Way Radios
- ☐ Mobile/Cellular Network
- ☐ Landline/Fixed Phone
- ☐ Siren/Air Horn System
- ☐ Satellite Communication

Detected Faults or Communication Dead Zones

Write something...
