

Fire Suppression System And Sprinkler Inspection Checklist 2026

Control Valve Inspection

Verification of all control valves are in the open position, properly supervised, and free of leaks or physical obstructions.

Valve Status

- ☐ Fully Open
- ☐ Partially Closed
- ☐ Fully Closed

Observed Issues

- ☐ Corrosion Detected
- ☐ Leaking Gland/Packing
- ☐ Unsecured/Unlocked
- ☐ Obstructed Access

Valve Identification Number

Write something...

Pressure Reading (PSI)

Inspection Date

Photo of Valve Position

 Upload File

Inspector Signature

Water Supply and Pressure Monitoring

Assessment of water pressure gauges, main drain testing, and verification of adequate water supply for the system.

Inspection Date

Static Water Pressure (PSI)

Residual Water Pressure (PSI)

Enter a number...

Main Control Valve Status

- ☐ Open
- ☐ Closed
- ☐ Partially Closed

Water Supply Obstructions Detected

- ☐ None
- ☐ Debris in Valve
- ☐ Blockage in Piping

Pressure Drop Observations

Write something...

Pressure Gauge Photos

 Upload File

Inspector Verification

Sprinkler Head Integrity and Clearance

Inspection of sprinkler heads for visible obstructions, corrosion, paint, or physical damage, and ensuring proper clearance from stored materials.

Sprinkler Head Condition

- ☐ Undamaged
- ☐ Corroded
- ☐ Painted/Obstructed
- ☐ Leaking

Minimum Clearance Distance (Inches)

Enter a number...

Deficiency Details

Write something...

Photo Evidence of Sprinkler Heads

 Upload File

Inspector Affirmation

Fire Pump and Motor Performance

Functional testing of the fire pump, checking oil levels, battery health, and ensuring automatic start-up capabilities.

Inspection Date

Pump Operational Status

- ☐ Operational
- ☐ Non-Operational
- ☐ Needs Immediate Repair

Measured Discharge Pressure (PSI)

Engine Oil Level (Inches/Percentage)

Pre-Start Checklist Completed

- ☐ Battery Voltage Checked
- ☐ Fuel Level Verified
- ☐ Coolant Level Checked
- ☐ Control Panel Error Codes Checked

Deficiencies or Observations

Write something...

Photo of Pump Controller/Gauge

 Upload File

Inspector Signature

Alarm and Notification Device Testing

Verification of water flow switches, pressure switches, and audible/visual alarm components to ensure signal transmission.

Inspection Date

Enter date...

Water Flow Switch Status

- ☐ Operational
- ☐ Malfunctioning
- ☐ Needs Repair

Audible Alarm Functionality

- ☐ Audible
- ☐ Inaudible
- ☐ Faulty

Visual Notification Devices Inspected

- ☐ Strobes
- ☐ Sirens
- ☐ Bell
- ☐ Voice Evacuation System

Discrepancies or Fault Findings

Write something...

Photo Evidence of Alarm Panel/Device

 Upload File

Inspector Verification

FDC (Fire Department Connection) Assessment

Inspection of the FDC for debris, accessibility, cap integrity, and physical damage to the connection point.

FDC Physical Condition

- ☐ Excellent
- ☐ Good
- ☐ Fair
- ☐ Poor

Observed Issues

- ☐ Missing Caps
- ☐ Debris in Inlet
- ☐ Corrosion Present
- ☐ Blocked Access
- ☐ None/No Issues

Detailed Damage Description

Write something...

FDC Photo Documentation

 Upload File

Inspector Verification

Hydraulic and Backflow Prevention Check

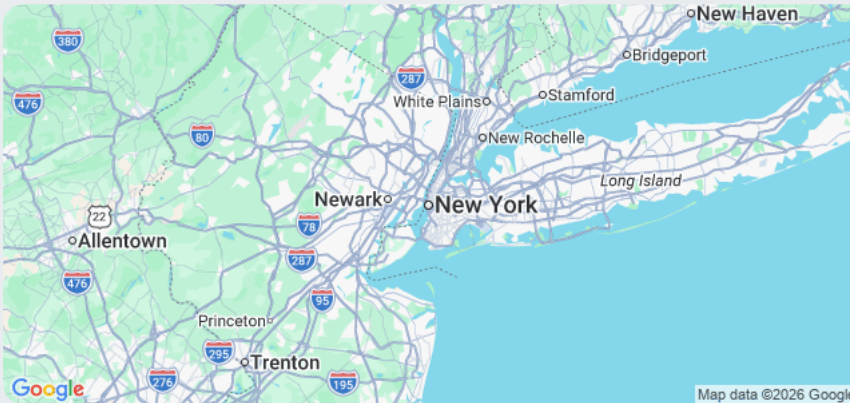

Testing of backflow preventer valves for proper operation and checking for any signs of mechanical failure or leaks.

Inspection Date

Enter date...

Backflow Preventer Location

 [Set My Current Location](#)

Backflow Preventer Status

- ☐ Operational
- ☐ Needs Repair
- ☐ Failed Inspection

Operating Pressure (PSI)

Enter a number...

Visual Inspection Checkpoints

- ☐ No visible leaks detected
- ☐ Device is accessible
- ☐ No significant corrosion present
- ☐ Pressure gauges are functional

Deficiency Details and Observations

Write something...

Photo of Device and Pressure Gauge

 Upload File

Inspector Signature

Documentation and Compliance Log

Review of maintenance logs, inspection tags, and ensuring all 2026 regulatory compliance documentation is up to date.

Inspection Date

Enter date...

Inspector Signature

Compliance Status

- ☐ Compliant
- ☐ Non-Compliant
- ☐ Action Required

Upload Inspection Certificate or Permit

 Upload File

Deficiencies and Corrective Actions Noted
