

Fixture Installation Checklist (Sinks, Toilets, Etc.)

 Show only Checklist

Display Style
Default 

General Information

Basic project and fixture details for record keeping.

Project Name

Write something...

Fixture Type (Sink, Toilet, etc.)

Write something...

Fixture Model Number

Write something...

Installation Date

Enter date...

Quantity Installed

Enter a number...

Installer Name

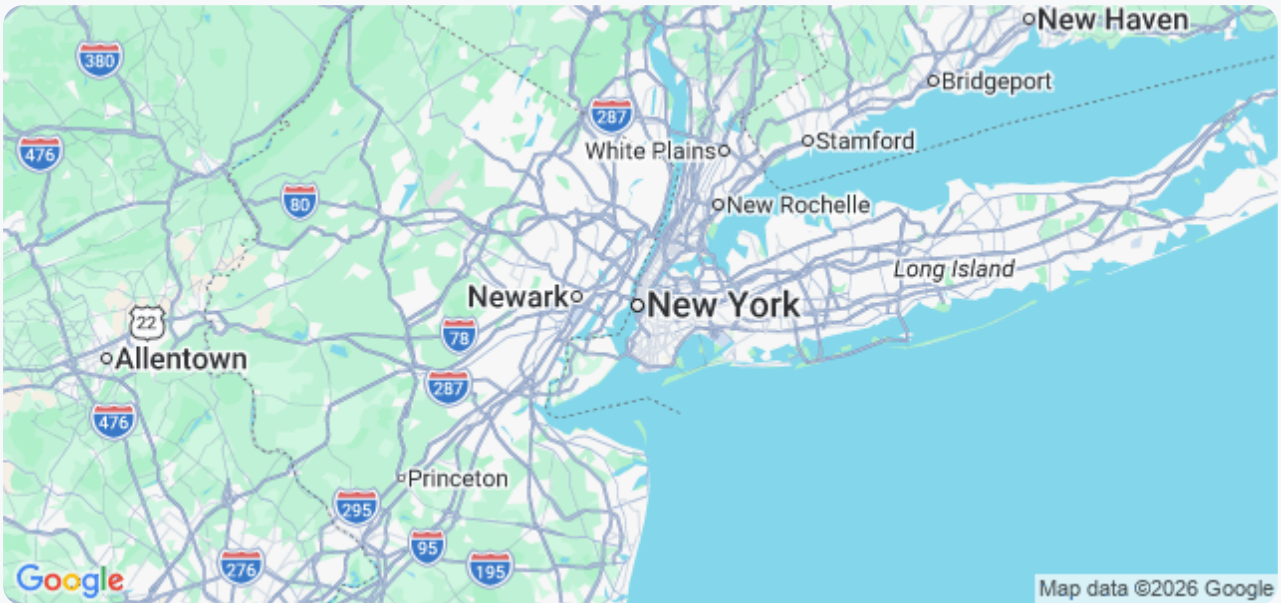

Write something...

Contractor Company

Write something...

Fixture Location within Project

 [Set My Current Location](#)

Pre-Installation Verification

Checks performed *before* fixture installation begins.

Existing Pipe Diameter (Inches)

Enter a number...

Fixture Type Confirmed?

- Yes
- No

Existing Conditions Notes (if applicable)

Write something...

Date of Site Assessment

Enter date...

Potential Obstructions Identified?

- Electrical Wiring
- Plumbing Lines
- Structural Elements
- None

Model Number of Fixture Being Installed

Write something...

Permits Obtained?

- Yes
- No

Notes on Existing Damage/Issues

Write something...

Sink Installation

Specific tasks and checks for sink installation (vessel, undermount, drop-in, etc.).

Sink Type

- Undermount
- Vessel
- Drop-in
- Pedestal
- Farmhouse/Apron Front

Sink Weight (lbs)

Enter a number...

Mounting Hardware Verified?

Yes

No

Mounting Details/Notes

Write something...

Caulk Joint Size (inches)

Enter a number...

Silicone Caulk Type Verified?

Yes

No

Sink Level and Alignment Notes

Write something...

Photo of Sink Installation

 Upload File

Toilet Installation

Specific tasks and checks for toilet installation (gravity-fed, pressure-assisted, etc.).

Toilet Model Number

Enter a number...

Toilet Type (e.g., Two-Piece, One-Piece)

- Two-Piece
- One-Piece
- Other

Rough-In Measurement (inches)

Enter a number...

Flange Position

- Concentric
- Eccentric

Notes on Floor/Subfloor Condition (if any)

Write something...

Wax Ring Quantity

Enter a number...

Bolts Used (e.g., Stainless Steel)

- Stainless Steel
- Brass
- Other

Date Wax Ring Applied

Enter date...

Any issues encountered during installation?

Write something...

Faucet Installation (Associated with Fixtures)

Checks related to faucet installation, covering both functionality and connection.

Faucet Type

- Single Handle
- Double Handle
- Touchless
- Pull-Down/Spray
- Other

Supply Line Pressure (PSI)

Enter a number...

Supply Line Material

- PEX
- Copper
- Stainless Steel
- Other

Notes on Faucet Installation

Write something...

Aerator Installed?

- Yes
- No

Water Temperature (Hot)

Enter a number...

Water Temperature (Cold)

Enter a number...

Drainage & Plumbing Connections

Verification of proper drain connections and water supply lines.

Drain Material

- PVC
- ABS
- Copper
- Cast Iron
- Other

Pipe Diameter (inches)

Enter a number...

P-Trap Condition

- New
- Reused - Good Condition
- Reused - Needs Replacement
- N/A

Water Supply Line Type

- PEX
- Copper
- CPVC
- Galvanized Steel
- Other

Water Supply Line Pressure (PSI)

Connection Notes

Leak Testing & Functionality

Comprehensive leak testing and verification of fixture operation.

Leak Test Start Time

Leak Test End Time

Leak Test Procedure Notes

Write something...

Leak Locations Tested (Select All That Apply)

- Supply Lines
- Drain Connections
- Faucet Base
- Toilet Flange
- Toilet Tank to Bowl Connection
- Other (Specify in Notes)

Water Pressure (PSI)

Enter a number...

Leak Status

- No Leaks Observed
- Minor Leak (Documented Below)
- Significant Leak (Requires Remediation)

Leak Description/Remediation Notes (If Applicable)

Write something...

Fixture Flush/Fill Cycle Test

Pass

Fail - Document in Notes

Fixture Functionality Notes

Write something...

Final Inspection & Clean-Up

Final inspection, area cleanup, and handover documentation.

Installer Signature

Inspection Date

Enter date...

Overall Condition of Fixture

Write something...

Notes/Comments on Installation

Write something...

Water Pressure (PSI)

Enter a number...

Flush/Drain Performance

- Excellent
- Acceptable
- Requires Adjustment

Clean-Up Complete?

- Area Cleaned
- Debris Removed
- Tools Returned

Client Signature (Confirmation of Acceptance)

Write something...
