

Healthcare Facility Maintenance & Environment Of Care Checklist 2026

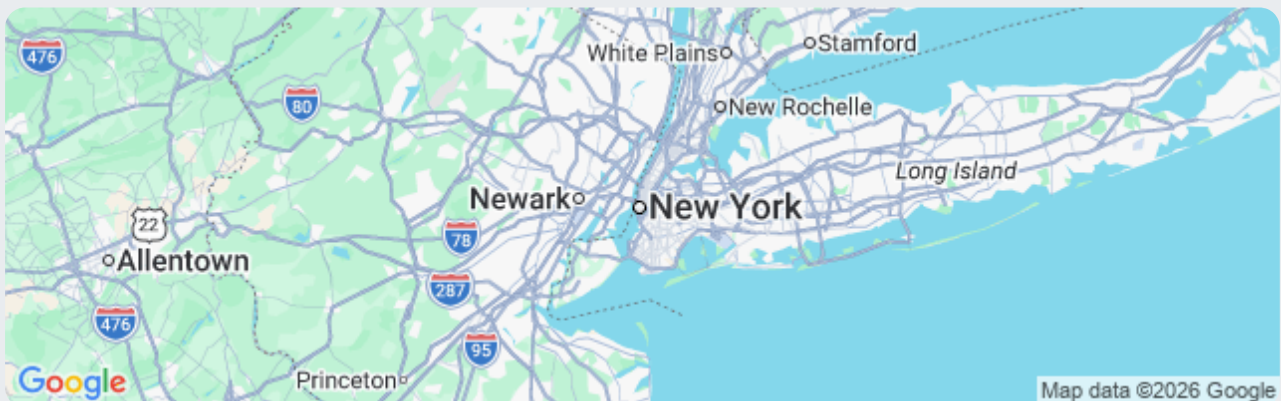

Physical Plant & Infrastructure Inspection

Routine checks of structural integrity, including walls, ceilings, flooring, doors, and windows to ensure a safe and functional environment.

Inspection Date

Facility Wing/Department

 [Set My Current Location](#)

Structural Components Inspected

- ☐ Walls and Ceilings
- ☐ Flooring and Carpeting
- ☐ Doors and Window Seals
- ☐ Windows and Glass Integrity

Floor Surface Condition

- ☐ Excellent
- ☐ Fair (Minor wear)
- ☐ Poor (Needs immediate repair)

Deficiencies or Damage Notes

Write something...

Photos of Identified Structural Issues

 Upload File

Inspector Signature

HVAC & Air Quality Management

Monitoring of heating, ventilation, and air conditioning systems, including filtration, temperature regulation, and humidity control for clinical safety.

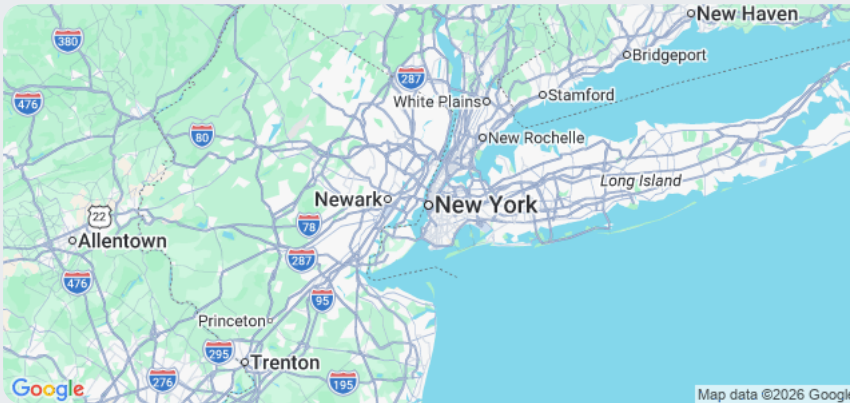

Inspection Date

Enter date...

Facility Zone/Floor

Set My Current Location

Air Filter Status

- ☐ Clean
- ☐ Needs Replacement
- ☐ Urgent Action Required

Measured Temperature (°F/°C)

Enter a number...

Measured Humidity (%)

Enter a number...

Completed HVAC Tasks

- ☐ Vents/Grilles Cleared of Dust
- ☐ HEPA Filters Inspected
- ☐ Air Pressure Differential Checked
- ☐ Thermostat Calibration Verified

Discrepancies or Maintenance Issues Found

Write something...

Upload Maintenance Log/Photo

 Upload File

Facility Manager Verification

Electrical Systems & Emergency Power

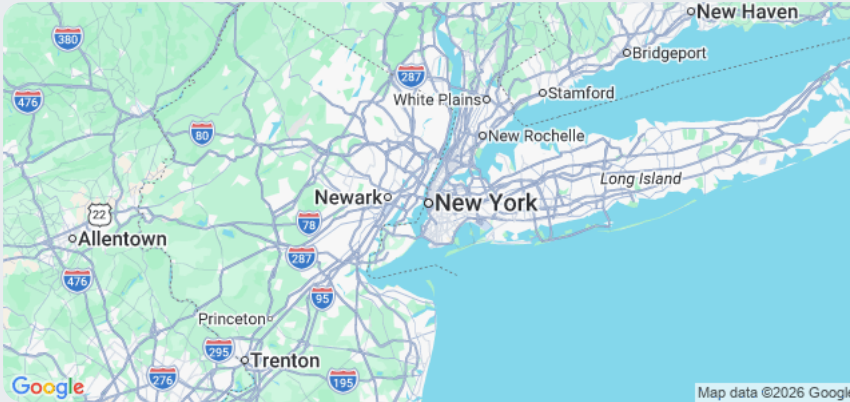

Verification of electrical outlet functionality, lighting, backup generator readiness, and Uninterruptible Power Supply (UPS) testing.

Inspection Date

Enter date...

Facility Unit/Ward Location

 [Set My Current Location](#)

Generator Load Test Status

- ☐ Passed
 - ☐ Failed
 - ☐ Not Performed

Checked Components

- ☐ Emergency Lighting
- ☐ Uninterruptible Power Supply (UPS)
- ☐ Backup Generator Fuel Levels
- ☐ Circuit Breaker Integrity
- ☐ Emergency Exit Signage Illumination

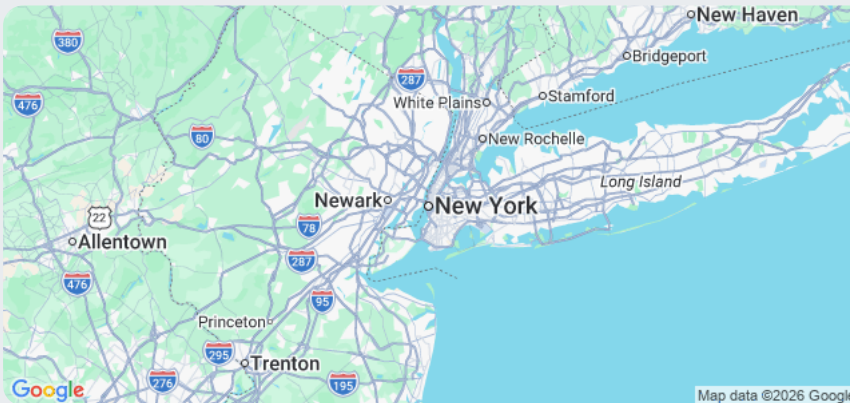

Discrepancies or Identified Faults

Write something...

Inspection of oxygen, vacuum, and compressed air delivery systems, including regulator checks and leak detection protocols.

Enter date...

 Set My Current Location

- ☐ Normal (Within Safe Range)
- ☐ Low (Requires Refill)
- ☐ Critical (Immediate Action Needed)

Systems Inspected

- ☐ Oxygen Supply
- ☐ Medical Vacuum
- ☐ Compressed Air
- ☐ Nitrous Oxide

Leak Detection Findings

Write something...

Pressure Gauge Photo Evidence

 Upload File

Technician Verification

Fire Safety & Life Safety Systems

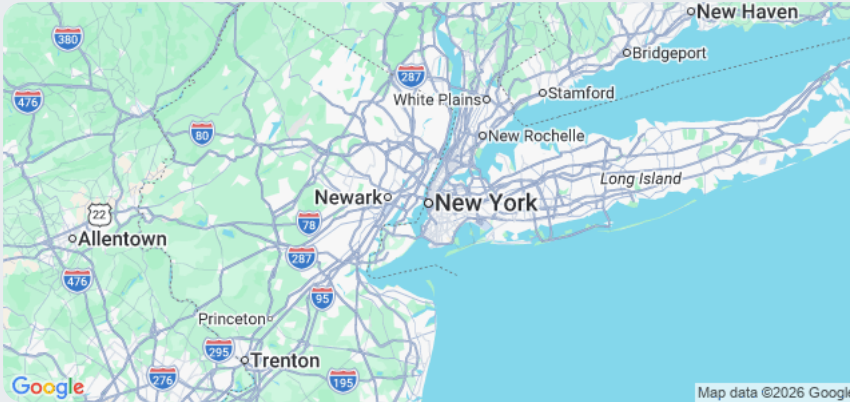

Compliance checks for smoke detectors, fire extinguishers, sprinkler systems, exit signage, and emergency evacuation pathways.

Inspection Date

Enter date...

Facility Wing/Floor Area

 **Set My Current Location**

Fire Extinguisher Pressure Gauge Status

- ☐ In Green Zone (Pressurized)
- ☐ In Red Zone (Low/Overcharged)
- ☐ Needs Replacement

Fire Safety Equipment Inspected

- ☐ Smoke Detectors
- ☐ Fire Sprinkler Heads
- ☐ Emergency Exit Lights
- ☐ Fire Alarms/Pull Stations
- ☐ Fire Doors/Smoke Barriers

Deficiencies or Safety Hazards Identified

Write something...

Photo Evidence of Compliance/Defects

 Upload File

Safety Officer Verification

Water Management & Plumbing Safety

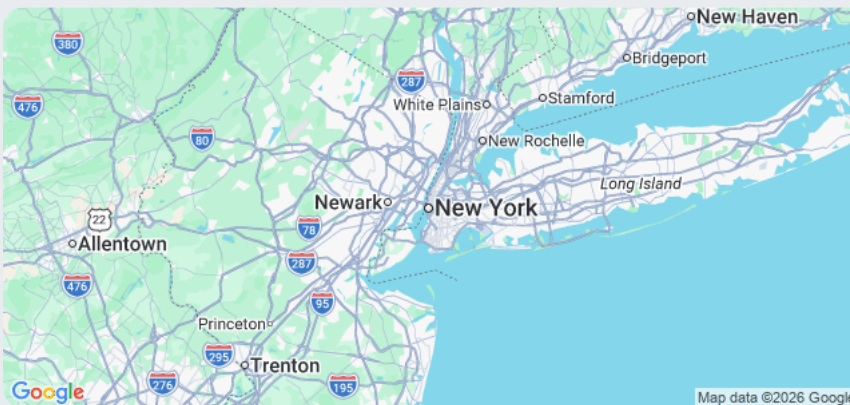

Assessment of potable water quality, legionella prevention protocols, sink disinfection, and plumbing integrity to prevent contamination.

Inspection Date

Enter date...

Facility/Ward Area

 **Set My Current Location**

Potable Water Temperature Check

- ☐ Within Safe Range
- ☐ Outside Safe Range
- ☐ Not Applicable

Measured Water Temperature (°C/°F)

Enter a number...

Plumbing Inspection Checklist

- ☐ No visible leaks in faucets or pipes
- ☐ Sinks/Drains free of debris and odors
- ☐ Backflow preventer inspection completed
- ☐ Water pressure within standard parameters

Disinfectant/Chlorine Level Observations

Write something...

Water Quality Lab Report Upload

 Upload File

Facility Manager Verification

Sanitation & Waste Management

Monitoring of biohazardous waste disposal, sharps container replacement, sterilization of utility areas, and janitorial compliance.

Inspection Date

Enter date...

Biohazardous Waste Bin Status

- ☐ Full - Requires Immediate Pickup
- ☐ Partially Full - Monitor
- ☐ Empty/Clean

Area Sanitation Check Completed

- ☐ Sharps Containers Replaced
- ☐ Biohazard Bags Replaced
- ☐ Cleaning Logs Updated
- ☐ Hand Sanitizer Stations Refilled

Sanitation Discrepancies or Spills Noted

Write something...

Waste Disposal Manifest/Receipt Upload

 Upload File

Sanitation Officer Verification

Medical Equipment Maintenance & Calibration

Tracking of preventative maintenance schedules, calibration logs, and safety inspections for all life-support and diagnostic machinery.

Equipment Name/ID

Write something...

Last Calibration Date

Enter date...

Next Scheduled Maintenance Date

Enter date...

Maintenance Status

- ☐ Operational
- ☐ Under Repair
- ☐ Out of Service
- ☐ Pending Calibration

Maintenance Notes & Findings

Write something...

Upload Calibration Certificate

 Upload File

Technician Verification

Security & Access Control Systems

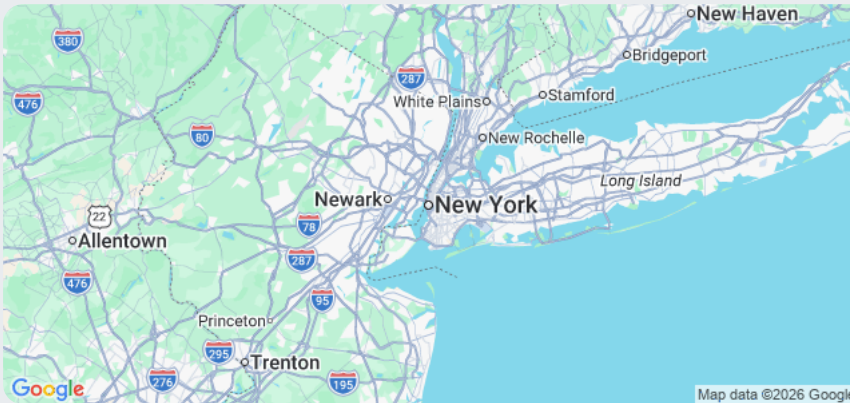

Auditing of surveillance cameras, badge access readers, perimeter security, and visitor management protocols.

Inspection Date

Enter date...

Facility Area/Department

 [Set My Current Location](#)

Security Hardware Checked

- ☐ Surveillance Cameras
- ☐ Electronic Badge Readers
- ☐ Perimeter Alarms
- ☐ Intercom/Communication Systems
- ☐ Motion Sensors

Access Control System Status

- ☐ Fully Operational
- ☐ Minor Issues Detected
- ☐ Critical Failure/Requires Immediate Repair

Security Incident or Vulnerability Notes

Write something...

Upload Security Log or Photos of Damage

 Upload File

Security Officer Verification

Hazardous Materials & Chemical Storage

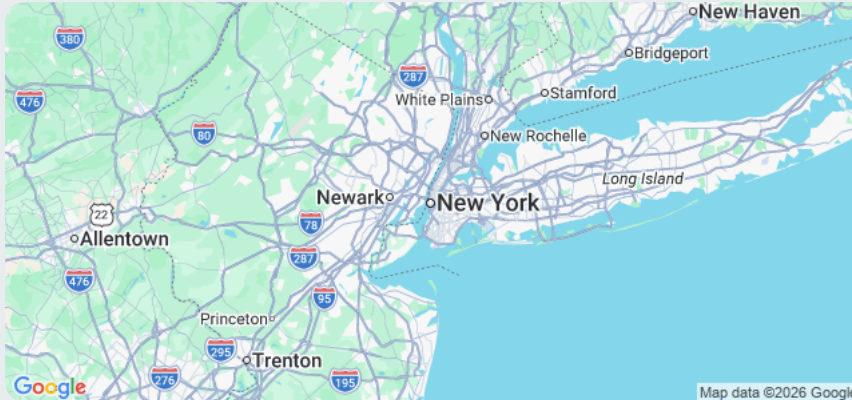

Review of Safety Data Sheets (SDS), proper labeling of reagents, and secure storage of hazardous/flammable substances.

Inspection Date

Enter date...

Storage Room/Unit Identification

 [Set My Current Location](#)

Hazardous Materials Present

- ☐ Flammable Liquids
- ☐ Corrosives
- ☐ Toxic Substances
- ☐ Reactive Chemicals
- ☐ Compressed Gases

Safety Data Sheets (SDS) Accessibility Status

- ☐ Fully Accessible & Updated
- ☐ Partially Updated
- ☐ Missing/Outdated

Spill Kit Inventory Assessment

Write something...

Hazardous Material Inventory Log

Upload File

Safety Officer Verification
