

# Tire Pressure and Condition Check Checklist

## Pre-Inspection & Documentation

Gather necessary tools and documents. Record vehicle details and initial observations.

### Inspection Date

### Vehicle ID/Registration Number

### Driver Name

### Vehicle Type

### Odometer Reading

## Weather Conditions

- Clear
- Rain
- Snow
- Fog
- Other

# Tire Pressure Verification

Check and adjust tire pressure to manufacturer's recommended levels.

## Front Left Tire Pressure (PSI)

## Front Right Tire Pressure (PSI)

## Rear Left Tire Pressure (PSI)

## Rear Right Tire Pressure (PSI)

## Spare Tire Pressure (PSI) - If Applicable

### Pressure Adjustment Required?

Yes

No

### Amount of pressure added to each tire (PSI)

Enter a number...

## Tire Condition - Visual Inspection

Visually assess tires for damage, wear patterns, and foreign objects.

### Visible Cuts/Damage?

None

Small (less than 1/4 inch)

Moderate (1/4 to 1/2 inch)

Severe (greater than 1/2 inch)

### Number of Foreign Objects Embedded (nails, screws, etc.)

Enter a number...

### Description of Foreign Objects (if any)

Write something...

### Uneven Wear Patterns Observed?

- None
- Cupping
- Scalloping
- Edge Wear
- Center Wear

### Additional Visual Notes (e.g., discoloration, unusual markings)

Write something...

### Upload Photo of Tire Condition (optional)

 Upload File

## Tire Condition - Wear Indicator

Check tire tread depth and condition relative to wear indicators.

### Tire 1 Tread Depth (mm/inches)

Enter a number...

### Tire 2 Tread Depth (mm/inches)

Enter a number...

### Tire 3 Tread Depth (mm/inches)

Enter a number...

### Tire 4 Tread Depth (mm/inches)

Enter a number...

### Wear Pattern - Tire 1

- Even Wear
- Edge Wear
- Center Wear
- Cupping
- None Observed

### Wear Indicator Visible - Tire 1

- Yes
- No
- N/A

### Notes on Wear Indicator Condition (Tire 1)

Write something...

## Tire Condition - Sidewall Inspection

Inspect sidewalls for cracks, bulges, or other damage.

### **Sidewall Crack Observation (Driver Side)**

Write something...

### **Sidewall Crack Observation (Passenger Side)**

Write something...

### **Bulge Observation (Driver Side)**

Write something...

### **Bulge Observation (Passenger Side)**

Write something...

### **Additional Sidewall Notes (e.g., cuts, abrasions)**

Write something...

### **Sidewall Damage Severity (Overall)**

- No Visible Damage
- Minor Damage (Monitor)
- Moderate Damage (Replace Soon)
- Significant Damage (Replace Immediately)

## **Valve Stem & Cap Inspection**

Check valve stems and caps for damage or deterioration.

### Valve Stem Condition

- Good
- Cracked/Damaged
- Leaking
- Missing

### Valve Cap Condition

- Good
- Missing
- Damaged

### Notes on Valve Stem/Cap (if any issues)

Write something...

### Valve Stem Leak Test Result (psi)

Enter a number...

### Valve Stem Replacement Required?

- Yes
- No

## Post-Inspection & Documentation

Record inspection findings and any corrective actions taken. Document date and technician.

### Inspection Date

Enter date...

### Inspection Time

### Vehicle ID/License Plate

Write something...

### Inspection Notes/Comments

Write something...

### Tire Pressure Adjusted (PSI)

Enter a number...

### Overall Tire Condition

- Excellent
- Good
- Fair
- Poor
- Unsafe

### Technician Name

Write something...

**Technician Signature**
