

Train Station Security Inspection Checklist Template

 Show only Checklist

Display Style
Default 

Perimeter Security

Assessment of fencing, gates, and barriers surrounding the station.

Fence Height (meters)

Enter a number...

Gate Condition

- Excellent
- Good
- Fair
- Poor

Gate Locking Mechanism

- Functional
- Malfunctioning

Description of any perimeter breaches or damage

Write something...

Date of last perimeter maintenance

Enter date...

CCTV Surveillance

Verification of camera functionality, coverage, and recording capabilities.

Camera ID

Enter a number...

Camera Functionality

- Operational
- Malfunctioning
- Needs Repair

Frame Rate (FPS)

Enter a number...

Recording Status

- Recording
- Not Recording
- Needs Verification

Last Maintenance Date

Enter date...

Any Unusual Activity Noted

Write something...

Lighting

Evaluation of lighting levels in platforms, walkways, and parking areas.

Ambient Light Level (Lux) - Platform 1

Enter a number...

Ambient Light Level (Lux) - Concourse

Enter a number...

Ambient Light Level (Lux) - Stairwells

Enter a number...

Light Fixture Condition - Platform 1

- Excellent
- Good
- Fair
- Poor

Emergency Lighting Functionality - Main Entrance

- Functional
- Not Functional
- Needs Testing

Last Lighting Maintenance Date

Enter date...

Notes on Lighting Issues

Write something...

Access Control

Review of authorized personnel access points and procedures.

Gate/Turnstile Functionality

- Fully Operational
- Partially Operational
- Non-Operational

Number of Access Points Secured

Keypad/Card Reader Status

- Functional
- Malfunctioning
- Needs Repair

Last Access Control System Maintenance

Access Control User Verification Methods

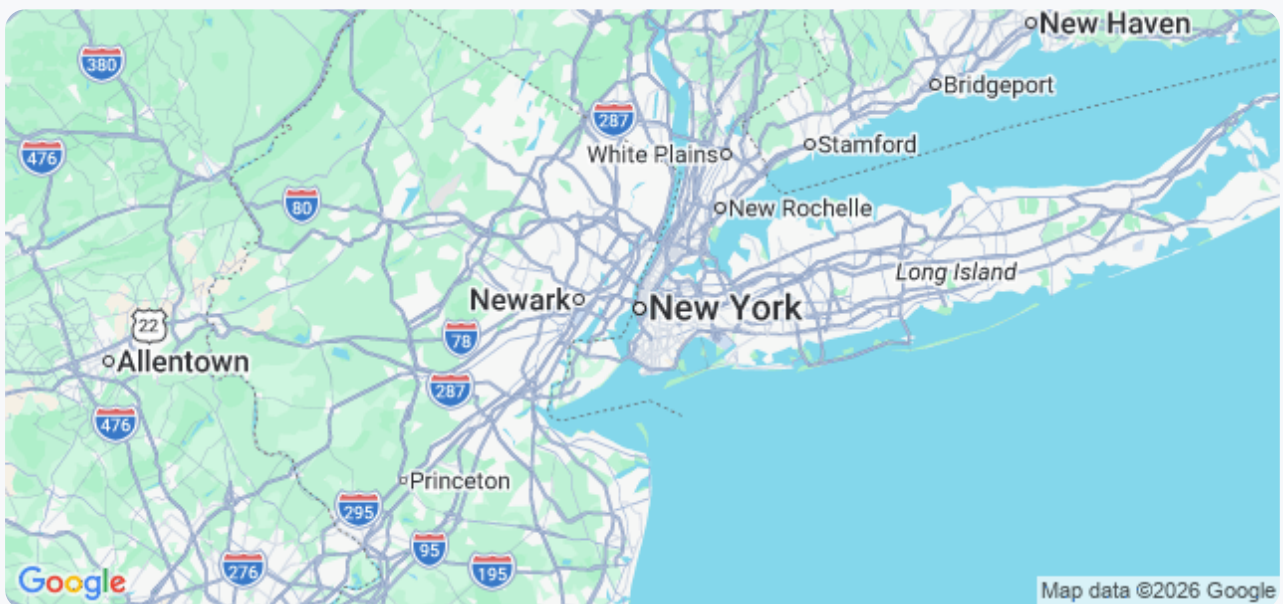

- Biometrics
- Keycards
- PIN Codes
- Manual Authorization

Authorized Personnel List Checked?

Write something...

Location of Access Control Panel

 Set My Current Location

Emergency Exits

Checking of exit signs, clear pathways, and functionality of emergency doors.

Exit Light Condition (0-10, 10 being best)

Enter a number...

Exit Sign Visibility

- Excellent
- Good
- Fair
- Poor

Emergency Door Functionality

- Opens Freely
- Requires Force
- Malfunctioning

Last Exit Route Drills Conducted

Enter date...

Time of last check of emergency lights

Enter time...

Comments on Exit Conditions

Write something...

Obstructions in Exit Pathway

- None
- Minor
- Significant

Fire Safety Equipment

Inspection of fire extinguishers, alarms, and sprinkler systems.

Fire Extinguisher A Count

Fire Extinguisher B Count

Fire Extinguisher C Count

Fire Extinguisher Inspection Date (Last)

- Within last month
- Within last 3 months
- More than 3 months ago

Next Fire Extinguisher Inspection Date

Fire Alarm System Status

- Operational
- Needs Repair
- Under Maintenance

Sprinkler System Pressure (PSI)

Enter a number...

Comments/Observations (Fire Safety)

Write something...

Hazardous Materials

Identification and assessment of potential hazardous materials storage or handling.

Description of Hazardous Materials Present

Write something...

Quantity of Chemicals (e.g., liters, kilograms)

Enter a number...

Storage Condition (e.g., temperature controlled, ventilated)

- Temperature Controlled
- Ventilated
- Uncontrolled

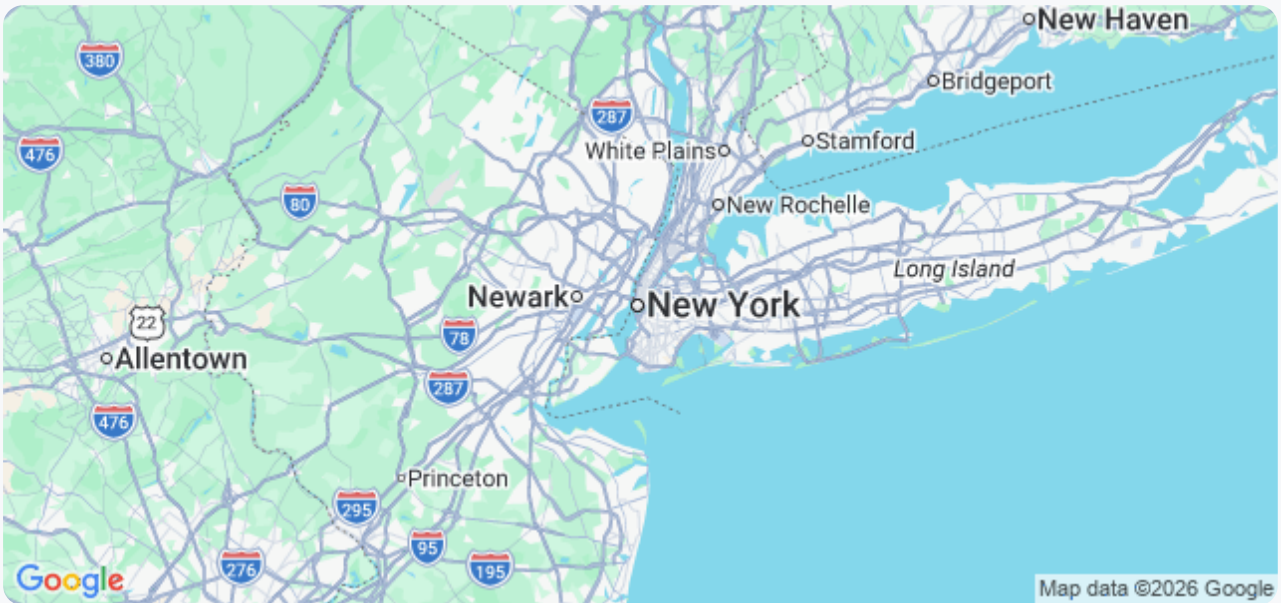

Hazards Identified (e.g., flammable, corrosive, toxic)

- Flammable
- Corrosive
- Toxic
- Reactive
- Oxidizing

Date of Last Inspection

Exact Location of Hazardous Materials

 [Set My Current Location](#)

Security Personnel

Assessment of security presence, training, and responsiveness.

Number of Security Personnel Present

Uniform Compliance

- Compliant
- Minor Deviation
- Significant Deviation

Communication Equipment Functionality

- Functional
- Minor Issue
- Non-Functional

Observations Regarding Patrol Frequency and Effectiveness

Write something...

Response to Simulated Incident (if applicable)

- Appropriate & Timely
- Delayed Response
- Inadequate Response

Last Patrol Log Review Date

Enter date...

Public Announcements

Verification of clear and understandable emergency announcements procedures.

Emergency Announcement System Functionality

- Functional
- Partially Functional
- Not Functional

Last System Test Time

Enter time...

Content of Standard Emergency Announcements

Write something...

Clarity of Announcements

- Excellent
- Good
- Fair
- Poor

Date of Last Content Review

Enter date...

Volume Level (dB)

Enter a number...

Public Address System Backup

- Available and Tested
- Available but not Tested
- Not Available

Reporting & Documentation

Review of incident reporting procedures and maintenance logs.

Inspection Date

Enter date...

Inspection Time Started

Enter time...

Inspection Time Ended

Enter time...

Temperature (for environmental records)

Enter a number...

Summary of Findings

Write something...

Supporting Documentation (Photos, Reports)

 Upload File

Overall Risk Level

- Low
- Medium
- High

Inspector Name

Write something...

Inspector Signature
