

Zoo And Zoological Park Waste Management Template 2026 Checklist

Animal Habitat & Enclosure Waste Audit

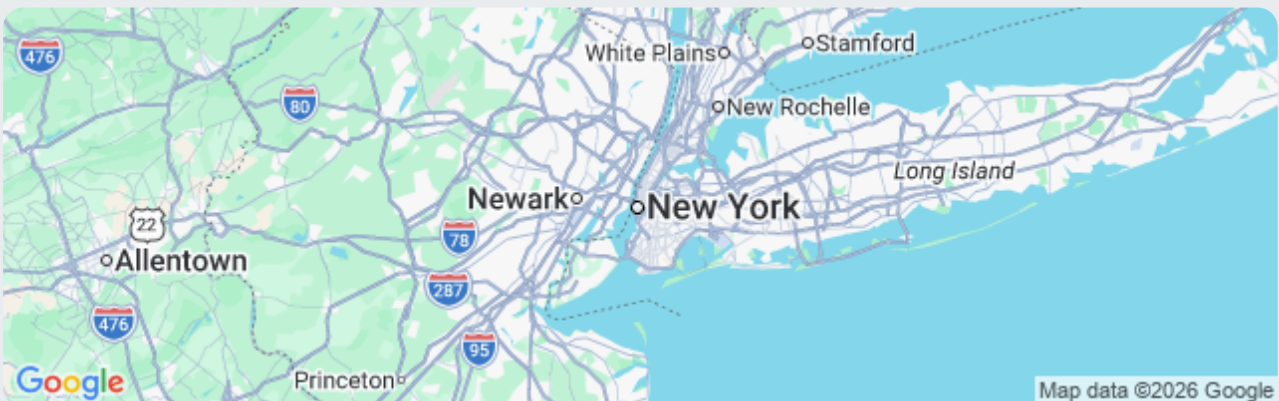

Reviewing waste collection and disposal protocols for bedding, manure, and organic matter within specific animal enclosures to prevent contamination.

Inspection Date

Enter date...

Specific Enclosure/Habitat Name

 [Set My Current Location](#)

Waste Type Identified

- ☐ Organic/Animal Manure
- ☐ Bedding/Substrate
- ☐ Biological/Medical Waste
- ☐ General Trash

Estimated Volume of Waste (kg/lbs)

Enter a number...

Compliance Checklist

- ☐ Waste bins are properly sealed
- ☐ No leakage observed in containers
- ☐ Disposal schedule is up to date
- ☐ No odor or pest attraction noted

Observations and Corrective Actions Needed

Write something...

Photo Evidence of Habitat Waste Condition

 Upload File

Zookeeper/Inspector Signature

Zoonotic & Biohazardous Waste Management

Ensuring strict adherence to safety protocols for the disposal of medical waste, carcasses, and biological materials used in veterinary care.

Inspection Date

Waste Category Identified

- ☐ Sharps/Needles
- ☐ Biological/Organic (Carcasses)
- ☐ Contaminated PPE
- ☐ Chemical-treated Medical Waste

Estimated Weight of Biohazardous Waste (kg)

Disposal Incident Notes

Disposal Manifest/Certificate Upload

 Upload File

Authorized Supervisor Signature

Food Service & Concession Waste Tracking

Monitoring organic waste, single-use plastics, and food scraps from visitor concession stands to optimize composting and recycling streams.

Inspection Date

Enter date...

Concession Stand/Food Area Location

 Set My Current Location

Weight of Organic Waste Collected (kg)

Enter a number...

Waste Types Identified

- ☐ Food Scraps
- ☐ Single-Use Plastics
- ☐ Cardboard/Paper
- ☐ Aluminum/Cans
- ☐ Glass

Bin Overflow Status

- ☐ No Overflow
- ☐ Partial Overflow
- ☐ Critical Overflow

Corrective Actions Taken

Write something...

Photo Documentation of Waste Area

 Upload File

Supervisor Verification

Visitor Area & Public Amenity Sanitation

Daily inspection of trash receptacles, recycling bins, and litter control in high-traffic guest pathways, parking lots, and picnic areas.

Inspection Date

Enter date...

Specific Area/Zone Inspected

 [Set My Current Location](#)

Trash Bin Fill Level

- ☐ Empty
- ☐ Half-Full
- ☐ Full
- ☐ Overflowing

Sanitation Issues Found

- ☐ Litter on Ground
- ☐ Overflowing Bin
- ☐ Damaged Bin/Lid
- ☐ Spillage/Odors
- ☐ None/Clean

Corrective Actions Taken

Write something...

Photo Evidence of Area

 Upload File

Inspector Signature

Chemical & Hazardous Material Handling

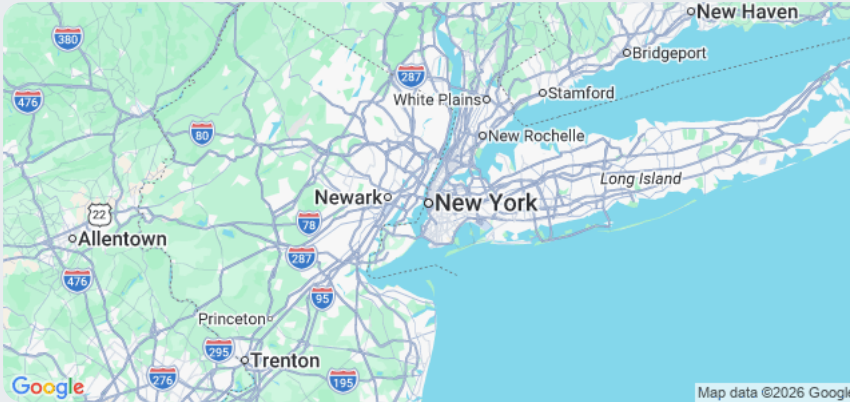

Auditing the storage and disposal of cleaning agents, pesticides, and pool chemicals used for habitat maintenance and water treatment.

Inspection Date

Enter date...

Storage Facility or Lab Location

 **Set My Current Location**

Hazardous Material Types Present

- ☐ Cleaning Chemicals
- ☐ Pesticides/Herbicides
- ☐ Veterinary Pharmaceuticals
- ☐ Laboratory Reagents
- ☐ Disinfectants

Secondary Containment Status

- ☐ Compliant
- ☐ Non-Compliant
- ☐ N/A

Discrepancies or Spillage Observations

Write something...

Safety Data Sheet (SDS) Documentation

 Upload File

Safety Officer Verification

Waste Collection & Transport Logistics

Verifying the frequency of waste pickups, container integrity, and the safety of internal transport vehicles used across the park grounds.

Inspection Date

Enter date...

Collection Zone/Area

 Set My Current Location

Waste Collection Vehicle Status

- ☐ Operational
- ☐ Needs Maintenance
- ☐ Out of Service

Number of Bins Collected

Enter a number...

Disposal Log Notes

Write something...

Waste Disposal Manifest/Receipt

 Upload File

Supervisor Verification

Composting & Organic Recycling Program

Supervising the management of large-scale composting operations for landscaping debris and animal-safe organic matter.

Inspection Date

Enter date...

Compost Site/Zone Location

 **Set My Current Location**

Compost Temperature Status

- ☐ Optimal Range
- ☐ Too Low
- ☐ Too High

Organic Waste Volume (kg/lbs)

Enter a number...

Contaminants Detected

- ☐ Plastics
- ☐ Glass
- ☐ Metal
- ☐ Non-compostable Paper

Maintenance Notes & Observations

Write something...

Photo of Compost Pile/Bins

 Upload File

Supervisor Verification

Regulatory Compliance & Documentation

Ensuring all waste manifests, disposal permits, and environmental impact logs are updated and compliant with 2026 ecological standards.

Date of Compliance Audit

Enter date...

Regulatory Authority Verified

- ☐ Local Environmental Agency
- ☐ State Department of Natural Resources
- ☐ Federal Wildlife Services
- ☐ Other

Compliance Documents Reviewed

- ☐ Waste Disposal Manifests
- ☐ Hazardous Material Permits
- ☐ Sanitation Standard Operating Procedures (SSOP)
- ☐ Training Logs

Non-Compliance Observations

Write something...

Upload Signed Compliance Certificate

 Upload File

Auditor Signature

Staff Training & Safety Protocols

Confirming that all zookeepers and custodial staff have completed updated training on waste segregation and hazardous material handling.

Training Completion Date

Enter date...

Training Modules Completed

- ☐ Hazardous Waste Handling
- ☐ Biohazard & Medical Waste Safety
- ☐ Waste Segregation & Recycling Protocols
- ☐ Spill Response & Containment

Number of Staff Members Trained

Enter a number...

Training Attendance Logs/Certificates

 Upload File

Supervisor Verification Signature

Pest Control & Vector Management

Assessing how waste management practices are impacting the prevention of pests and disease-carrying vectors within the park ecosystem.

Current Pest Activity Level

- ☐ Low
- ☐ Medium
- ☐ High
- ☐ Critical/Outbreak

Identified Vector Types

- ☐ Rodents
- ☐ Insects (Ants, Cockroaches, etc.)
- ☐ Birds
- ☐ Flies
- ☐ Other

Affected Area/Enclosure
