

Zoo Animal Habitat Maintenance Checklist Template

Daily Visual Inspection

Quick assessment for immediate concerns.

General Habitat Condition

- Excellent
- Good
- Fair
- Poor

Animal Activity Level (Scale of 1-10)

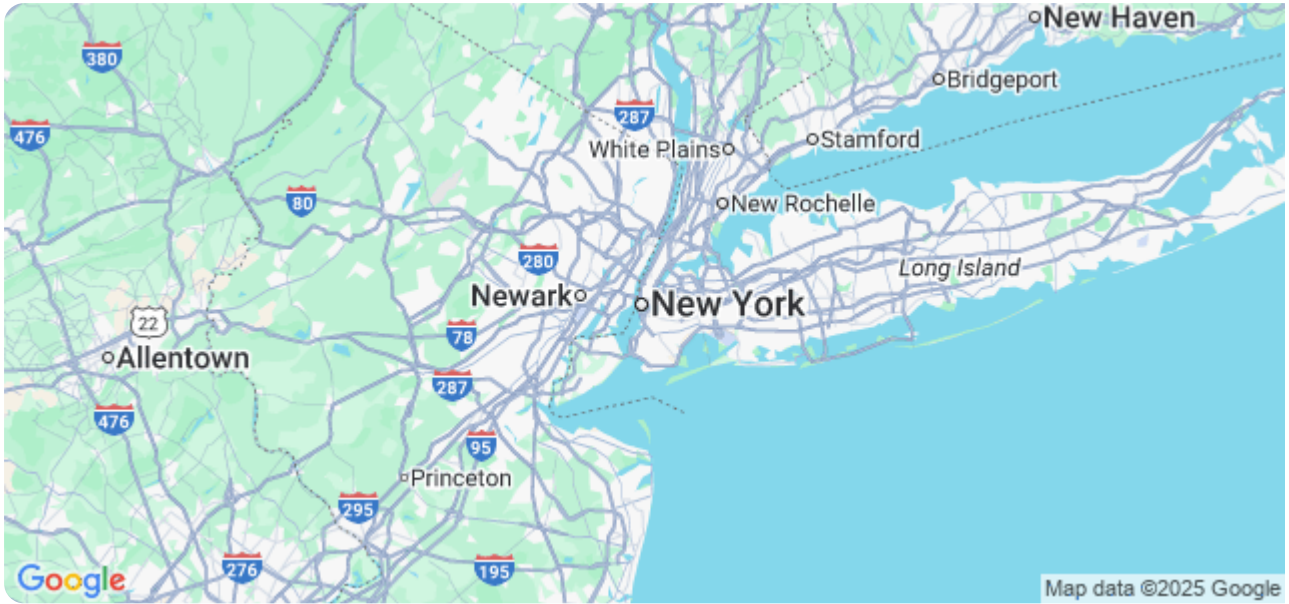

Presence of Abnormal Behavior

- Yes
- No
- Unsure

Description of any Abnormalities Observed

Location of Specific Concern (if applicable)

 [Set My Current Location](#)

Time of Inspection

Enclosure Structure & Fencing

Check for damage, wear, and security.

Fence Height (feet)

Enter a number...

Material of Enclosure (e.g., concrete, steel)

Write something...

Fence Type

- Chain Link
- Wrought Iron
- Electric
- Natural Barrier

Number of Visible Cracks (if any)

Enter a number...

Description of Damage (e.g., rust, erosion)

Write something...

Gate Functionality

- Fully Functional
- Slightly Stuck
- Malfunctioning
- Requires Repair

Photo Documentation of Damage

 Upload File

Water Features & Drainage

Evaluate water quality, flow, and potential issues.

Water Level (inches)

Enter a number...

pH Level

Enter a number...

Water Temperature (°C)

Enter a number...

Water Clarity (Visual)

- Crystal Clear
- Slightly Cloudy
- Cloudy
- Murky

Algae Presence?

- None
- Small Amount
- Moderate Amount
- Large Amount

Last Water Change Date

Enter date...

Notes on Water Quality & Drainage

Write something...

Substrate & Vegetation

Assess condition and health of ground cover and plants.

Substrate Type

- Soil
- Sand
- Gravel
- Wood Chips
- Artificial Turf

Substrate Moisture Level (%), estimate

Enter a number...

Vegetation Condition

- Healthy
- Wilting
- Yellowing
- Disease/Pests Present
- Sparse Growth

Notes on Vegetation Health

Write something...

Photos of Substrate & Vegetation

 Upload File

Last Vegetation Replacement/Addition Date

Enter date...

Feeding & Food Storage

Review food quality and security of storage areas.

Food Delivery Date

Enter date...

Food Preparation Start Time

Quantity of Food (kg/lbs)

Enter a number...

Food Type (e.g., Meat, Veggies, Fruit)

- Meat
- Vegetables
- Fruit
- Other

Food Quality Notes (Appearance, Smell)

Write something...

Storage Condition Checks (Select all that apply)

- Temperature Logged
- Pest Control Measures
- Rotation Policy Followed
- Proper Labeling

Photo of Food Storage Area

 Upload File

Waste Management

Ensure proper disposal and sanitation procedures.

Volume of Waste Collected (Gallons/Liters)

Enter a number...

Date of Waste Removal

Enter date...

Time of Waste Removal

Waste Type (Organic, Non-Organic, Hazardous)

- Organic
- Non-Organic
- Hazardous

Description of Waste Materials

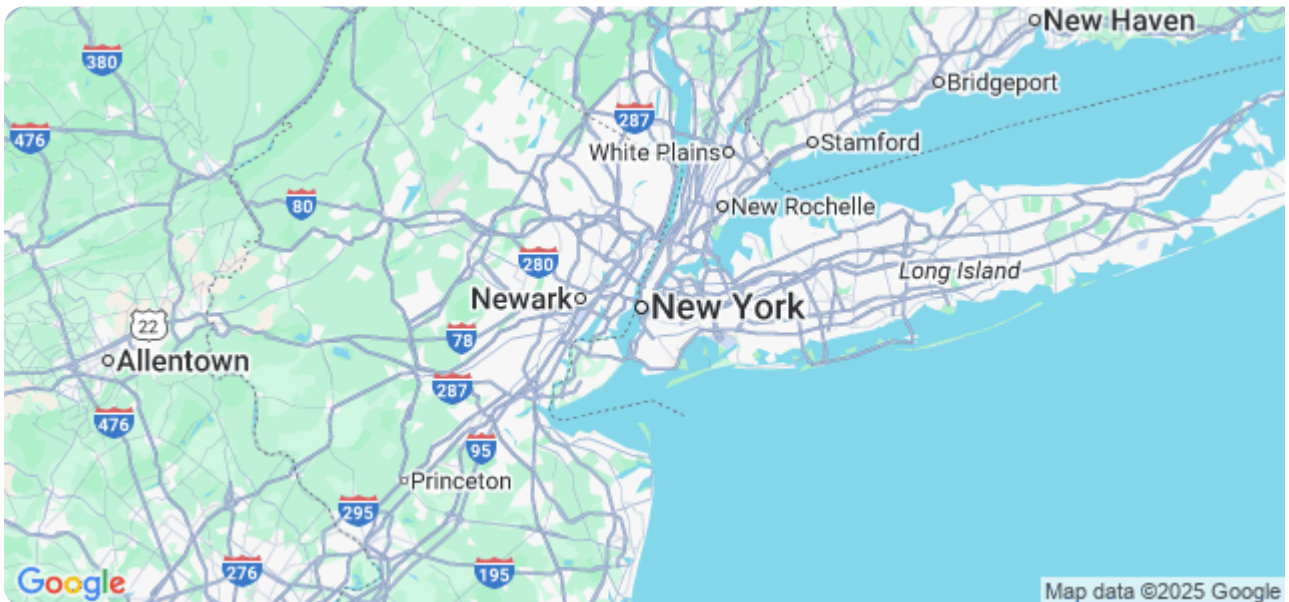

Write something...

Number of Waste Bags/Containers Used

Enter a number...

Waste Disposal Location (GPS Coordinates)

[📍 Set My Current Location](#)

Safety Equipment & Signage

Verify functionality and clarity of safety devices and warnings.

Inspector Signature

Signage Condition

- Excellent
- Good
- Fair
- Poor
- Needs Replacement

Reflector Visibility (0-10)

Emergency Contact Signage Present?

- Yes
- No

Last Signage Inspection Date

Missing Signage (Check all that apply)

- Warning Signs
- Emergency Contact Info
- Animal Identification
- Hazard Symbols
- None

Environmental Controls (Temperature, Humidity)

Monitor and adjust conditions as needed.

Temperature (High)

Enter a number...

Temperature (Low)

Enter a number...

Humidity (%)

Enter a number...

Temperature Regulation Method

- Heaters
- Cooling System
- Natural Ventilation
- Other

Humidity Control Method

- Humidifier
- Dehumidifier
- Natural Evaporation
- Other

Last Calibration Date (Temperature Sensor)

Enter date...

Last Calibration Date (Humidity Sensor)

Enter date...

Time of Measurement

Security Systems

Test and maintain cameras, alarms, and access controls.

Camera System Check Time

Camera System Uptime (hours)

Enter a number...

Cameras Functioning Correctly?

- Yes
- No
- N/A

Camera System Notes (Error Messages, Issues)

Write something...

Screenshot of Camera System Dashboard

 Upload File

Alarm System Status

- Armed
- Disarmed
- Testing

Last Alarm System Test Date

Enter date...

Record Keeping & Reporting

Document findings, actions taken, and any unresolved issues.

Date of Inspection

Enter date...

Time of Inspection

Detailed Observations & Findings

Write something...

Temperature (°C)

Enter a number...

Humidity (%)

Enter a number...

Severity of Issues Found

- Low
- Moderate
- High

Areas Requiring Follow-Up

- Enclosure Repair
- Vegetation Replacement
- Water Feature Maintenance
- Security System Check
